

DOUBLE GLAZING

**GET COMFORTABLE.
REDUCE POWER BILLS.**

Choosing the correct windows and doors is one of the most important elements in designing an energy efficient home.

While windows may seem like a small part of the home they have significant influence on a home's energy efficiency and comfort levels. Some benefits of double glazing include; making your home cooler in summer and warmer in winter, your home is quieter and helps you save on power bills!

8mm air gap
for a 33% thermal
improvement compared
to standard glazed
products.
